Message of Peace and Goodwill from the Young people of Wales to Young people around the world

‘In unity there is strength.’

As citizens each and every one of us has a responsibility to create and maintain a society that works in unison, and it is our duty to support our fellow-man and not turn a blind eye to the world’s problems.

From love comes humanity.

Let us support communities locally, nationally and internationally to overcome dictatorship. By doing so we can abolish selfishness, injustice and inequality. Through our love we must strive to break down all the barriers that corrupt and destroy our relationships with each other as nations of the world.

Justice will not be achieved through dictatorship.

Let us reach out and work together to create a fairer and more righteous world. Fair trading between the countries is the way forward.

Giving and receiving: the generous person’s principle.

So let us, the young people of Wales, encourage the young people of the world to create a global community. We must all shoulder the responsibility and endeavour with love and patience to help each other, whilst doing so in a practical manner.

In unity there is strength.

Written by the young people of Ysgol y Preseli and Ysgol Bro Gwaun.
