2023 Message: Anti-racism

Racism still exists in Wales and across the world. This year the Urdd and the young people of Wales draw attention to the theme of anti-racism.

We must CALL. THEM. OUT.

We must be accountable and uphold only the highest standards of inclusivity. We need kindness, celebration, and acceptance, but we also need direct action: **to dismantle systemic discrimination, to challenge unconscious biases, and to always call out racism when we see it.**

This year's message was created in partnership with students from Cardiff University.

**Support this powerful
message on 18 May 2023.**
